

# AlphaBits ~ Kidsmusic

We are professional musicians and have played together for 25 years in our versatile variety band: Sandy and the Hitmen [www.sandyandthehitmen.com] The taped music in our show is composed, performed, and recorded by us in our own home recording studio.

We are a Children's Musical Act.  
We provide a fun-filled show, involving kids to sing & dance and laugh & shout.  
Grown-up kids love our show, too.

Music makes us feel great!  
We share that feeling with kids by singing and playing a wide assortment of musical styles:  
Rock n' Roll, Country, Folk, Reggae, and Rap.  
We play familiar tunes... kid classics...  
and teach a few new AlphaBits songs, too!

*"We play your tapes every day ... I've told many teacher friends about you ... You're the best!"*  
- Deb Hayes, Sandcastle Child Care

*"Very interactive! The toddlers loved it... the teachers loved it!"*  
- Jean Tierney, Country Day

*"The kids danced & sang ! So did the parents! ...the Twin Cities very BEST kids entertainers!"*
